Reiki (pronounced ray-key) a Japanese word meaning Universal Life Energy. Reiki has no association with religion, faith or belief systems, and can be received by anyone who is willing to be healed.

When energy flows uninterrupted there is balance and harmony within and around us and we experience a sense of well being. Reiki works at bringing us into balance and reinforces the body's natural ability to heal itself at all levels.

Seichem (pronounced say-keem) works in the same way as Reiki, with hands placed on the body, but in addition hands may be working in the aura which surrounds the body. It is reputedly one of the healing arts practised in ancient Egypt. Reiki is one of the four elemental rays which make up Seichem - earth (Reiki), water, air and fire.
